PhormiTex Clear V, Noctis V  
PHL 20, PHL 55 & White  
Gev-Al White

Valid for 5 years, worldwide:

PhormiTex Crystal  
PhormiTex Crystal V

Under the condition of normal use indoor in a greenhouse, provided that the installation instructions are followed and that the concentrations of harmful substances found on the fabric do not exceed the applicable tolerances.

The warranty covers UV degradation and shrinkage > 1% (70°C – 2h) during the period stated above from the date the fabric was delivered to the customer.

The warranty is limited to supplying a replacement screen at the prices applicable at that time, less a discount for every full half year that the cloth has not performed its function, starting from the date on which the cloth is found unusable by Phormium.

The warranty claim applies insofar as the first delivered screen is returned to us free of charge within the warranty period. The old screen then becomes our property through the delivery of the replacement screen.
