250

Description

The lead edge elbow fits 19 for 19 mm aluminium tubes, that are used for carrying shading screens. This piece is adjustable for any angle required in your shading system.

Premounting can easily be done down on the ground . Precise adjustment has to be finished up at the mounting position.

Mounting is realized via a plug-connection, which is fixed through stump bunch marking of the aluminium tube.

Created at 20.04.2025.

* Our offers are directed exclusively to companies. We do not conclude contracts with consumers. All prices excl. VAT plus shipping costs and possible delivery charges, if not stated otherwise.
